Adults taking part in activities	
Estimate number of Vehicle Passes required for Tatton Park	

We plan our activities around the ratios published by our movement. In the case of Guides there will be 1 adult per patrol of Guides. The adult(s) need not be a guider but the unit leader must ensure that at least 1 adult present is CRB checked through Guiding and 1 adult has a complete list of emergency contact details of all Unit members including Guides, YL's, SS's and Adults accompanying Guides.

Adults making up the required ratio do not pay whether taking part in activities or not.
